

MATHEMATICS BOOKS FOR SALE

A large number of mathematics (and related) books are for sale at

<http://www.mathstat.dal.ca/~dilcher/oldbooks.html>

Most books were donated by active and retired mathematicians. All proceeds from orders that mention *Fibonacci* will go in equal parts to the Fibonacci Association and to a scholarship fund at Dalhousie University, which has for many years provided free IT support to *The Fibonacci Quarterly*.

The books include

- research monographs,
- upper-level textbooks,
- history and biography,
- problems and problem-solving,
- books for a general audience,
- handbooks, dictionaries, encyclopedias, tables, etc.

They cover

- all areas of pure and applied mathematics,
- statistics and computer science,
- some other related sciences, especially physics.

Age and condition includes everything

- from the late 1800s to the 2020s,
- from library discards to brand-new.

Pricing and ordering:

- Details are available on the web page listed above.
- Most books will be CAD 20 (hardcover) or CAD 10 (softcover). That's USD 14.60 / 7.30.
- Shipping will be extra.

If, instead of purchasing, you wish to donate books to this effort, please write to the email address below for further information.
